THE ASSOCIATED STUDENT BODY
OF CASCADE COLLEGE, PORTLAND, OREGON

As sunlight tops majestic Mount Hood...

Cascade College students are in fellowship with God...

Seeking guidance along daily paths...

In preparation to serve Him...

And as daylight drops into the mighty Pacific...

Social activities develop Christian personalities.

DEDICATION

George B. Palmer

To have started as a self-dependent youth with unremitting determination to secure adequate preparation for a life of service; to have envisioned a place in an organization and then laboriously striven to fill it; to have had the stability and stamina to bear a burden through the years with composure and unusual patience; to have established a household and become a father in a home which might well be emulated; to have found a hobby which has been developed with the skill of an artist; to have attained a level of spiritual excellence so that no one could doubt its eternal worth; to have done all of this is to comprehend well a fullness of life.

We desire to honor the familiar campus figure pictured here by dedicating to him, our Business Manager, this 1951 CASCADIAN.

STAIR

DR. C. J. PIKE, PRESIDENT

PROGRESSIVE MEASUREMENT

The creators of our 1951 CASCADIAN have chosen a geometric figure as their chief design. Turning the pages of this memory book, very frequently we see this simple mathematical figure. And so, almost without our being aware of it, the science of mathematics is introduced into our annual.

No field of study, perhaps, embodies principles so simple and yet so complex as are contained in this very necessary and widely used branch of learning. Take, for example, the dimensional idea. A point is very near nothing and has no dimension, but extended to a line it gives us a one-dimensional object. Planes are two dimensional. As we enter the next area, we have three-dimensional objects and are in the world of solids. This is where we live.

Scientific minds are wrestling with the idea of a fourth dimension. One scientist calls it time. Others have designated differently. At this point the capacity of the human mind is almost exhausted as we touch the unknown. And yet we are still in the field of mathematics.

Isn't this somewhat akin to life? Our simple everyday processes of living seem inconsequential even to ourselves and yet may become, upon extension, part of something larger and of greater importance. Finally we find ourselves face to face with and in the realm of the infinite. We are in touch with God Himself. We cannot understand Him, but fortunately we can know Him. May we progressively measure our life itself and eventually discover that it has extended until encompassed by the very presence of God.

SENIOR GIFT

Chapel Lighting Controls

Cascade College has shed many beams of Christian light across the paths of its students and friends. The senior class this year appropriately selected chapel lighting controls as its gift to the school. Modern powerstat dimmers were installed to control the brightness of the lights, including those over the platform, the spotlights, and the auditorium lights. These, together with a complete set of new mercury switches, will provide for smooth and silent transitions from general illumination to platform spotlighting and vice versa. These features will be appreciated by audiences as well as by recitalists and others who participate in platform programs.

LEADERSHIP

Leadership is a quality imparted by the Lord to His own people. Throughout the ages, God has chosen leaders from all walks of life and used them in many and varied ways.

In our school we have many avenues through which we may be called and used as leaders, and opportunities are on every hand for a young person to step out in front for the Lord. In our Associated Student Body there are rules set up by which a leader is chosen, guided, and yet allowed to use his own initiative. The organization is constructed to allow those who are chosen as leaders the greatest amount of freedom in the development of their capacities.

In a time of crisis such as the world is facing today the students of Cascade College need to know not only their leaders, but their aims and aspirations as leaders. We need to be ready to step out as the Lord leads us and rely wholly upon His wisdom and direction, that we in turn might help others to prepare themselves for eternity. In an institution such as ours, the true source of leadership is God; therefore let us turn to Him and ask for His will.

MISSION TEAMS

Working in the city missions is one of the outstanding activities of the school. To lead lost souls to Christ is the aim and desire of these organizations. The leaders of the mission bands are: Marshall Kortlever, Open Door Mission, and Clair Lund, Union Gospel Mission.

MINISTERIAL ASSOCIATION

The Ministerial Association attempts to help its members gain proficiency in the duties of a pastor and to promote evangelism and spiritual growth. Topics such as the following are discussed: "Pastoral Calling", "Elements of Ministerial Success" and "Parliamentary Procedure". Guest speakers have been Mr. Edmundson and Mr. DuFresne. Leonard Deakins is superintendent and Mr. Lloyd, adviser. The other officers are elected each term.

MISSIONARY PRAYER BAND

At 6:00 o'clock every Tuesday morning, the Prayer Band members meet to pray for the missionaries and their work. The officers are: Melvin Kern, President; Mary Forbes, Vice President; Glenna Cooper, Secretary-Treasurer; Miss Butler, Adviser.

STUDENT FOREIGN MISSIONS FELLOWSHIP

The endeavor of the Student Foreign Missions Fellowship is to encourage and promote interest in missions and to prepare missionary students for more effective work in their fields. Missionary speakers are invited and a missionary challenge is presented weekly. The officers are: Harold Elmer, President; Herbert Bock, Vice President; Katherine Melick, Secretary; Nathan Krampitz, Treasurer, and Mrs. Tyson, Adviser.

SPANISH CLUB

To gain a better understanding of the language and the culture of the Spanish people has been the aim of this club. There are regular meetings held, and a real Spanish fiesta is enjoyed each term. The officers are: Lois Doughty, President; Torval Nilsen, Vice President; Melba Dempsey, Secretary-Treasurer; Mrs. Turner, Adviser.

FUTURE TEACHERS OF AMERICA

Making personal contacts with other teachers, gaining professional experience through projects, and learning helpful aids in teaching are the accomplishments in which the F. T. A. member participates. The officers are: Allen Hester, President; Joanne Waugh, Vice President; Lucille Stanley, Secretary-Treasurer; Iva Rockhill, Librarian; Dr. Helen Clapp, Adviser.

OFF-CAMPUS WOMEN

The objective of this organization is to unite the off-campus women students into a closer fellowship. This is accomplished by having lunch together, a business meeting each week, and a weekly prayer meeting. The officers are elected each term.

A CAPPELLA CHOIR

The choir is a group of enthusiastic singers who love to sing for their Lord. It is considered an honor and a privilege to be a member of this group. The choir has many appointments to sing at various churches, and this year they made a tour into California where they sang in several of the big cities.

Load'er up boys !

Attention Please! Check Sections !

All Set ? Let's Go!

ORGAN GUILD

Mr. Lauren B. Sykes, Dorothy Bodine and Arthur Hills presented organ recitals this past year. The Organ Guild is organized to teach its members about the organ and to improve their ability on the instrument.

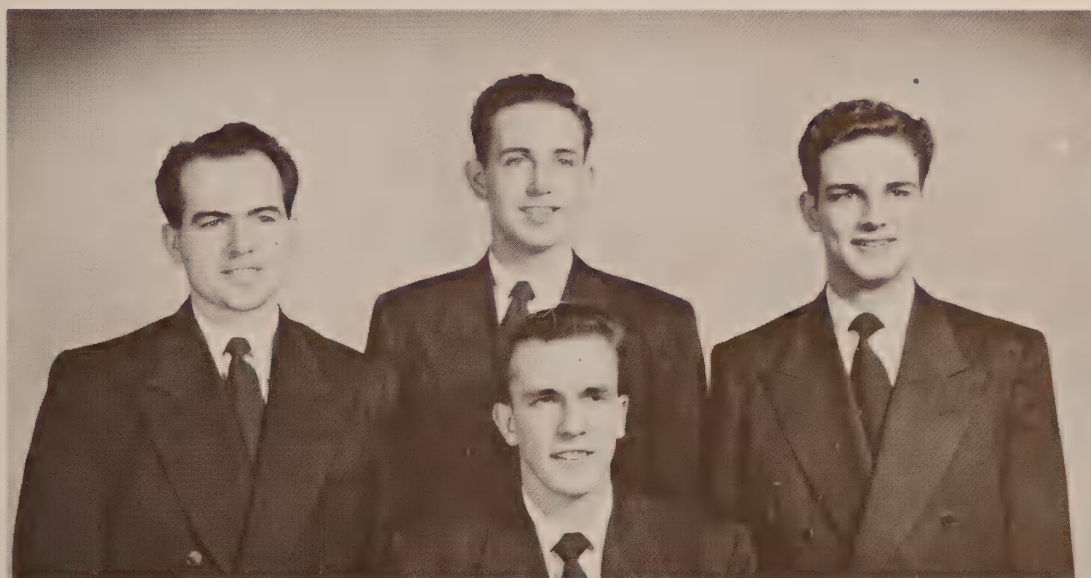

CHORUS

A concert is presented each term by the chorus. The chorus consists of a large number of students who enjoy singing. This group has gained useful experience and has been a blessing.

SPORTS

The Intramural Sports program plays an important part at Cascade College. A large percentage of the students participate. There are many fields of activities in the sports program with basketball receiving the most attention this year. Touch football was rather hampered by the over abundance of rainfall and the season was consequently cut short. Softball, volleyball, tennis, ping pong, and badminton are the other sports in which students participate.

At Cascade every student is encouraged to take part in some sport. This is necessary in the development of a well-rounded personality. The sports program helps to teach the student the necessity of a cooperative attitude and a sense of fair play as well as to develop coordination and physical prowess.

- ★ A Spiritual Feast

L. E. MOORE
Manager and Bible Conference Director

"As we pay others, we are paid—
Life gives us back just what we give,
And so we do not live to trade
But trade that we may truly live. . .

He profits most whose every sale
Creates a friend, whose kindly thought
Serves to perpetuate the tale
Of what and where and why he bought . . ."
